

# CHIEF EXECUTIVE OFFICER c£65k

+ benefits to include private healthcare and contributory pension arrangements

**CPSA**

**Clay Pigeon  
Shooting  
Association Ltd.**

The CPSA is the National Governing Body for clay target shooting in England. It is a strongly Membership-driven organisation committed to the professional and recreational development of the sport.

This is an outstanding opportunity for a thoroughly competent general manager, who is interested in the sport of shooting, to grow the Membership and objectively manage the expectations of Members (25,000+) whilst bringing integrity, wisdom and plain commercial competence to bear in the overall governance of the Association and of the sport as a whole.

The CEO must have well-rounded experience in sales and marketing, personnel, administration and finance. The CPSA has a 12-strong dedicated team located at **Bisley in Surrey**. The successful candidate will initially 'learn the ropes' alongside the existing incumbent, who will be retiring during 2011. The post is Office-based and reports to an entirely unpaid and non-executive Board of Directors. The Company is limited by guarantee.

For an application and information pack and/or for an informal exploratory discussion or further details about this unusual and challenging job, please contact the CPSA's adviser in respect of this appointment:

**Roger B Phillips, Managing Director, Action Resources Ltd.,  
Old White House, Drayton, Langport, Somerset TA10 0JX.**
