## DTL WEEKEND CANCELLED

On 1 May the DTL Weekend events (Sponsored DTL, Dougall Memorial, and English Open DTL) that were scheduled for 5-7 July 2020 were cancelled. This follows the 18 March announcement that the ICTSF World DTL Championships (scheduled for 8-11 July at Bywell) were postponed to 2021. We can confirm that the new dates for the combined events will be 6-12 June 2021 (subject to ICTSF ratification).

Full refunds of competition entry fees can be requested or monies held until the next DTL Weekend in 2021. Please email [championships@cpsa.co.uk](mailto:championships@cpsa.co.uk) to request a refund, if that is your preference.

## DELAYS ON MEMBERSHIP CARDS

Whilst you can still renew your CPSA membership at this time online or over the phone, please understand that we will not be able to issue membership cards and packs until our staff are able to return to work once government restrictions on movement are lifted. This applies to all payments that have been processed since 23 March (including all Direct Debits for March), and including all payments for April and May.

All membership cards and packs will be sent out as soon as we are able to return to normal office work.

You will still receive confirmation of membership renewal by email upon renewing. Any member can log on to [cpsa.co.uk/members](http://cpsa.co.uk/members) to manage their account and download or print an electronic copy of their card or members' insurance certificate.

## SAVE SARAH GRAY

**G**B shooter Sarah Wright (nee Gray), who shot Olympic Skeet for England in the 2014 Commonwealth Games, has received permission to travel to the USA for a clinical trial of a cancer treatment (Leronlimab) despite the current Coronavirus-related travel ban – however she has now been taken off of the trail as her oncologists in the UK believe she is too weak to receive further chemotherapy that is necessary before the treatments in San Francisco.

Sarah, 33, was diagnosed with breast cancer in November 2018. On the same day, she and her husband, Adam, discovered that she was pregnant with their first child. Sarah successfully carried their daughter to childbirth in July 2019, all the while taking chemotherapy and undergoing surgery. Unfortunately, the cancer spread, and all possible treatment options were thought to be exhausted.

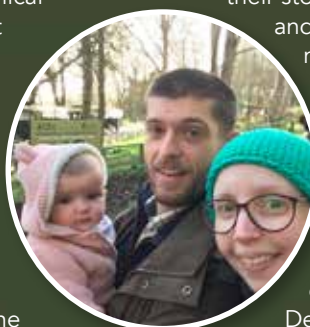

Sarah and Adam continued to seek options, and Sarah was successfully accepted onto a clinical trial in the

USA for this potentially life-saving treatment. However, the travel ban to the USA was preventing their travel to California. They then launched a social media campaign (#savesarahgray), got their story on national television and in articles in major newspapers, and received support from many others. Fortunately, the US Embassy in London soon obtained permission for Sarah to travel for the treatment.

Flights were then donated for Sarah, by Delta and by private jet, and money was raised to help cover any potential emergencies as Sarah could not get travel insurance.

However, as mentioned above, Sarah is unable to receive the final chemotherapy treatments needed prior to starting the clinical trials. Sarah and Adam are continuing to seek avenues for help to get Sarah treatment – you can find updates about Sarah's fight and how you can help by visiting [facebook.com/savesarahgray](https://facebook.com/savesarahgray) or on Twitter at @save\_sarahgray.

## UPDATE TO CLASSIFICATION SUSPENSION DURING LOCKDOWN

This follows our previous announcement on 23 March 2020, advising our members that the 1 June 2020 classification calculations would go ahead as normal and that we would then suspend future classification issues until further notice. We can now advise you that after further discussion, we will now also be relaxing the rule to reset to 'unclassified' where no registered scores are recorded within a 36 month period. This will allow those that will not have been able to register at least one score by the 30 April to retain their classification(s).

# AN UPDATE FROM CEO IAIN PARKER

The following email was sent to all CPSA clubs, grounds, and trade members on 14 May 2020, (and later posted for the public on [cpsa.co.uk](https://cpsa.co.uk)), stating that the CPSA has now had the necessary assurances to recommend the re-opening of clay-shooting grounds:

**Dear Clubs, Grounds, and Trade Members,**

Regarding the CPSA's position on the opening of clay shooting grounds following the easing of restrictions from 13 May for outdoor sports activities:

Over the past 48 hours we have been working with the Government,

Police and other bodies to get the confirmation we needed under the latest Government guidance that it is possible to start shooting recreationally again within England.

This is breaking news just before printing, please see [cpsa.co.uk/news](https://cpsa.co.uk/news) for the latest information.

Therefore, as the National Governing Body for the Sport of Clay Target Shooting in England, we are now satisfied that we can start a phased return to clay shooting with initially pay and play/practice, and a return to competitive registered shoots in time.

Shooting grounds can re-open when they are ready and our members are now able to participate and enjoy the sport of clay

target shooting recreationally, while all following strict CV19 safety protocols and guidance.

Importantly, we have now also had confirmation from our insurers that our members are fully insured after considering the new guidance to get out and enjoy their sport again.

We have already issued comprehensive guidance to grounds to assist with their planning to implement the strict social distancing and safety measures to protect their staff, the shooters and our sport.

Please visit [cpsa.co.uk/staysafe](https://cpsa.co.uk/staysafe) to see all of our Shoot Safe, Stay Safe online documents.

Yours sincerely,  
**Iain Parker, CPSA CEO**

## COURSES POSTPONEMENT EXTENDED

On 20 April the postponement period for all CPSA courses was extended to the end of May. This follows from our announcement of 23 March that all CPSA Courses to the end of April had been postponed. This does not affect online Safety Officer Requalification Exams.

The L1 Instructor Training Course for this period has been moved to 6-9 July and the L2 Common Element has been moved to 14-16 July. The course attendees have been notified by email.

Full refunds will be given to any attendee that requests it, or funds can be credited to a rescheduled or later course. Please email [richard@cpsa.co.uk](mailto:richard@cpsa.co.uk) to request a refund or for any queries.

## REMINDER: THE 2020 GAME FAIR AT RAGLEY HALL

In light of the rapidly evolving Covid-19 outbreak, the festival of the great British countryside will now take place on Friday 18 - Sunday 20 September 2020 at Ragley Hall in Warwickshire.

The same exciting attractions will still all be in place, with tickets still available to purchase via their website [thegamefair.org](https://thegamefair.org).

## LETTER OF THE MONTH

**D**ear Sir/Madam,  
I write asking that you make members aware of a side effect of the current lock down. Since February it has been mandatory to get a signed doctor's report for renewal or new licence applications. I took the form down to my doctors and was advised that this could take up six weeks to get it signed, this makes renewal very tight where our police force, Cambridgeshire request that the renewal paperwork is with them six weeks before expiry, the original renewal advice being sent out three months before expiry. I don't know about other doctors but mine charged £30 for the signed report, with the fee payable in advance. I hope this information is of use to members.

– Michael Matthews

### CPSA replies:

Dear Michael, Thank you for highlighting this to all members. The CPSA advises all shotgun certificate holders to be sure to apply early if your certificate is up for renewal this year. Additionally, if your GP is unable or unwilling to provide the letter, services such as Medcert (medcert.co.uk) are run by qualified doctors and can help. Medcert in particular offers a CPSA discount, log in to [cpsa.co.uk/members](https://cpsa.co.uk/members) for details.

– The CPSA Team

### THE LETTER OF THE MONTH WINNER

will receive a choice of 250 Eley Superb Cartridges (either fibre or plastic).

\*Cartridges are redeemable via a voucher which will be issued by Eley Hawk.

Is there an issue that you would like to raise or praise? Send your letter including your phone number and CPSA number to: **Pull! Magazine, Fellows Media, The Gallery, Manor Farm, Southam Lane, Cheltenham GL52 3PB** or email: [pull@fellowsmedia.com](mailto:pull@fellowsmedia.com)

## CAPTION THIS!

Do you have a photo that you'd like in for the next caption competition? If your photo is chosen, then you will win a CPSA branded hat, travel mug, and mini torch!

Send us your captions for this photo of George Digweed MBE coaching Chris Evans, to [captions@cpsa.co.uk](mailto:captions@cpsa.co.uk) and the funniest caption will be the winner of a Musto cartridge bag. Captions and potential photos will be judged by a panel of CPSA and Fellows Media staff. Please be aware that if you win, delivery of prizes may be delayed due to the Coronavirus situation. Rude or offensive captions or photos will not be considered.

**PLEASE SEND YOUR FUNNY CAPTIONS AND PHOTOS TO [CAPTIONS@CPSA.CO.UK](mailto:captions@cpsa.co.uk)**

All contests open only to residents of the UK (excluding Northern Ireland).

## WHERE DO YOU READ YOURS?

This is me two days before I retired from my full time role as Clinical Manager in Radiology at Harrogate Hospital North Yorkshire at the end of April. I am returning part time to help out and hand over during these extraordinary times. This was taken in the 'clean' area before an examination. I really miss clay shooting and the summer Nidderdale 'pub league' which is great fun. I've encouraged a few colleagues and friends to have a go and hope to arrange another session as soon as this is over.

The pursuit of perfection is a never ending journey and Beretta engineers are constantly striving to push these limits. They have now taken a step nearer to absolute perfection with the spectacular, NEW 694!

The 694 heralds a new dawn; packed with features to improve your shooting performance as well as a stylish and totally, distinctive new action shape.

The stock and forend wood have been completely re-designed to give better feel and improve all the contact points between gun and shooter.

The stock now blends seamlessly into the shoulder of the action to improve peripheral vision. The new all steel forend mechanism maintains a smoother constant opening pressure and provides increased longevity. Beretta innovations, such as Steelium Plus barrels and the B-Fast balance system, remain as a standard part of this comprehensive package.

## Referee Course

£75

Available in each of the four domestic disciplines of English Sporting, English Skeet, Down the Line and Automatic Ball Trap, these one-day courses will equip you with the general and discipline specific rules to enable you to referee regularly at registered competitions or national championships and, with it, the assurance that what you are calling is correct. This is also an excellent course for the competitor, who doesn't necessarily want to referee, but does want to ensure that they know the rules when they compete.

- 6 Jun ABT – East Yorkshire CSG
- 10 Aug ESP – West Midlands SG
- 10 Oct ESP – Southdown Gun Club
- 20 Jul ESK – Eriswell Lodge
- 12 Sep ESK – Dartford CSC

## Shotgun Skills Course (SGS)

£89

For anyone wishing to take part in clay shooting, or novices who have recently acquired a shotgun, this course covers personal and range safety, shotgun types and use, cartridges and chokes. There is a practical session on the CPSA method of shooting. The course includes loan guns, ear protection, eye protection, lunch and up to 50 clays and cartridges. The course is open to members and non-members.

- 28 Jun Nr Basingstoke, Hants – ESP

## Level 1 Instructor Training Course (ITC)

£695

This four-day course teaches you how to check eye dominance and gun fit. It shows you how to teach the CPSA Method, how to recognise shooting errors and how to correct them. It consists of classroom time, off-and on-range workshops and a final day of assessments. It covers crossing, rising and dropping targets and equips instructors with the knowledge to tackle a huge variety of targets. For this course, the criteria for qualification is that the candidate can get a novice to hit a moving target safely using the CPSA Method. Candidates must have attended an IDW within the previous two years.

# VIEWING A TARGET

CPSA Referee and Safety Officer Tutor  
**Steve Williams** talks about the rules  
of viewing targets.

**Steve Williams** has been refereeing for 16 years in all domestic disciplines, and refereed all major sporting events for the last 10 years. He has been Head Referee for the CPSA World English Sporting and the English Sporting Championships. He now tutors all the new Referees in the South East area.

**"I** hit that" comes the cry as you, the referee, called "lost" and you watch the wad go sailing by. The shooter thinks it's a bit of clay.

Ever seen it happen, or even done it yourself? The rules are quite simple – 'a piece must be seen to come off the clay'. Unfortunately it's no good asking other shooters to say otherwise, because the referee was watching and waiting to see if it broke.

Referees are not there to take or give a target, they are simply there to score, and to make sure the rules are applied correctly and fairly.

Here are some rules about viewing targets that may help shooters who are confused about this.

## ENGLISH SPORTING

If you are the first shooter of the day, or if the previous shooter has finished before you get to the stand, you will be given the opportunity to see the clays, before taking your shot.

At any other point in time, you will not be allowed to see a target. You should

Study the target as soon as you arrive at the stand, awaiting your turn.

take every opportunity to study the target as soon as you arrive at the stand, awaiting your turn. Please, do not encroach on the shooter in the stand – you will get a strong warning from the Referee.

If you are, however, entitled to see a target, then what you will be shown depends on what type of target is being presented: an on-report pair, a sim pair, a following pair, or a single target.

## ON-REPORT PAIR

The Referee will explain where the targets are coming from and to, then allow them to call for it – the shooter will see one pair only.

## SIM PAIR

Again, the referee should tell the shooter where they are coming from, then on the shooter's call show them a sim pair. When they are ready – and if they wish – the referee can show them a second pair of sim targets. In this case two pairs of targets can be seen before shooting. The reason for this is so the shooter can determine which way round they wish to shoot the targets.

## FOLLOWING PAIR

This is the same target, thrown one after the other. As above, the Referee will explain where the targets are coming from, and much like the on-report pair, they can only see one pair.

## SINGLE TARGET

That is all you will get to see – a single target. Please do not ask to see it again if you aren't entitled to. That's it for English Sporting.

## OTHER DISCIPLINES

For Skeet, one high target and one low target (or vice versa) can be shown when starting the layout, called for by the first shooter.

One regular target can also be called, following two or more sequential irregular targets, or a trap breakdown.

For DTL and ABT, one target is thrown for the squad to see at the beginning of the layout. For Sportrap one target from each trap can be seen, at the start of the layout. No pairs are shown, just the singles.

This covers the CPSA Domestic Disciplines, however there are further rules for the International Disciplines.

To download the complete list of rules, please go to [cpsa.co.uk/rules](https://cpsa.co.uk/rules) and by the time we are allowed to start shooting again, you will be fully aware of how you can view a target before coming to shoot it. Remember the Referee has the final say. 🍷

# FITASC SPORTING

MOVEMENT WITHIN THE HOOP

## HOW TO HIT

CPSA Level 3 Senior Coach **Simon Arbuckle** teaches us about the difference seen in targets when moving between hoops in FITASC Sporting.

**W**elcome to the fourth article in the fourth CPSA How to Hit series. In this article, I'm going to continue our introduction to FITASC Sporting by covering movement within the hoop, by first looking at the single targets; we're going to cover pairs, and movement on the pairs, in the next two articles. The key focus of this article concerns movement of the body to the perfect point to shoot the targets in the hoop, and the control of the squad by the referee.

In this article we are using a different layout from the previous two articles. First, see the map of the new layout on the opposite page, where you can see how the targets are set. Here, you can see how much movement there can be on a single stand or hoop in a FITASC layout.

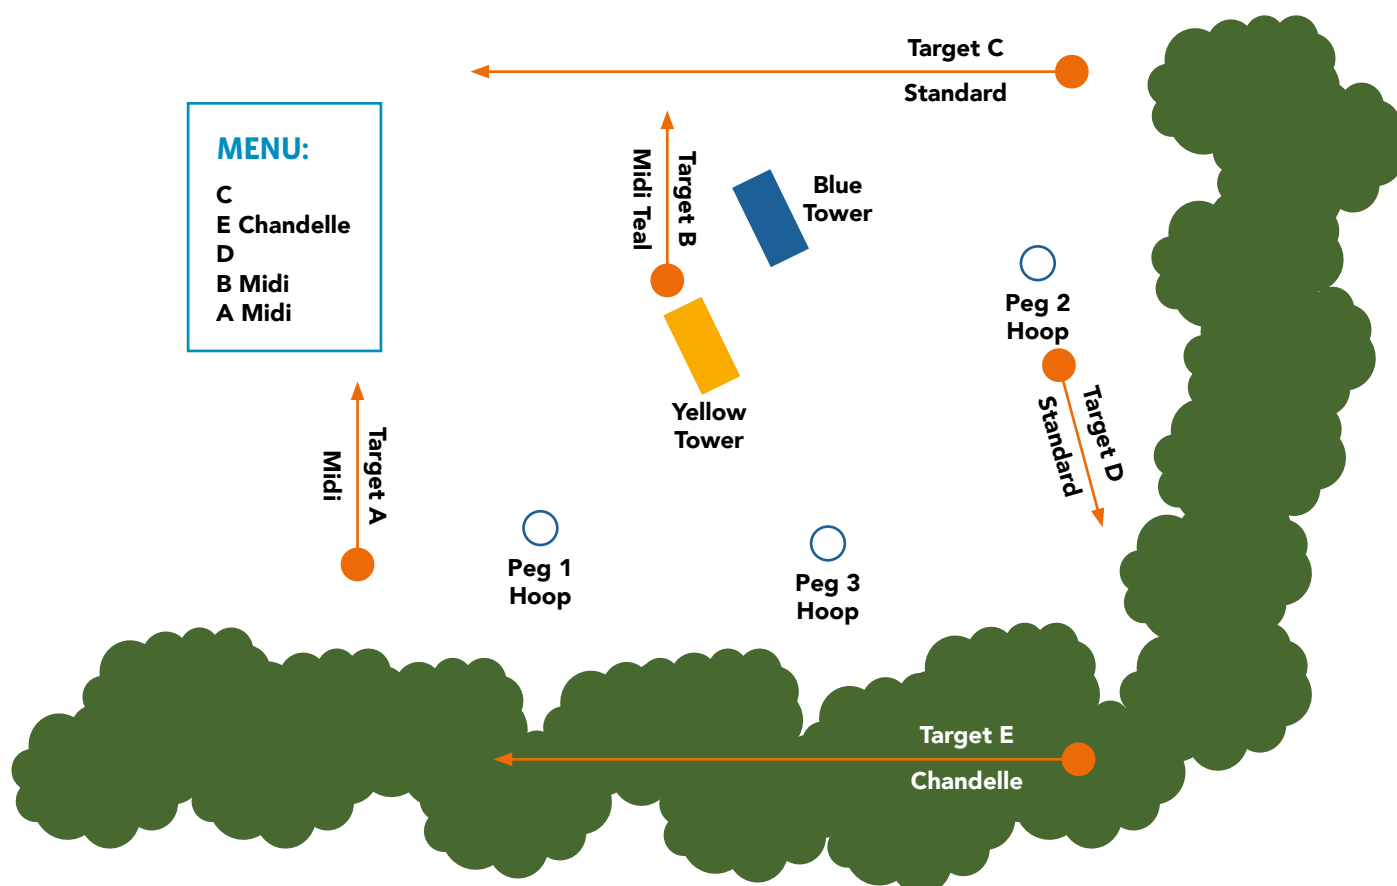

As previously stated in past articles, the referee would show all of the singles to the first shooter of the squad on that hoop.

The first target, C, is a standard from the far corner crossing right to left, rising and peaking somewhere above the yellow tower. Next on the menu is E. E is in the opposite far corner, another standard target, but this time it's a chandelle tucked into the treeline. Like I said in previous articles, because I can't see the trap, I can't move my gun and mount it until I see the target. Target D, on the far side of the field, is another standard target, rising left to right,

### WATCH

View our How to Hit videos by visiting [cpsa.co.uk/hth4](https://cpsa.co.uk/hth4) or on our YouTube channel. Please share the videos with your clay-shooting friends!

and peaking above the trees in the far corner of the field. Target B is another trap that I can't see and is an edge-on teal. Then we move to A, another midi from the left and curling away from me. As you can see, there's an awful lot of movement I'm going to have to do as to shoot these targets in sequence. This requires the referee to control the squad and move them around to keep them behind the shooter. That squad's going to have to stay out of the shooter's vision, so not to distract him, and the emphasis is on the referee to do that.

As there are such variety of targets on each stand of a FITASC Sporting layout, you need to be prepared to use a variety of methods to complete the stand. Target C, I shot just at the peak with a classic method shot – locked on, pulled away, and shot. My feet, as always, were facing towards the break point. Next is E, the chandelle. As you can see, I turned around almost 180 degrees from the last target to face my break point, which is above the trees, with the target coming from the left behind the bushes. Again,

I shot it at the peak. I couldn't move the gun until the target appeared, but then locked on, pulled ahead, and shot.

In the first two targets I couldn't see the target immediately after it was thrown. Unlike in English Sporting, FITASC Sporting rules do not allow me to pre-mount my gun exactly where I want it, wind the gun down the flight line and drop it off my shoulder. Instead, I had to set myself up facing towards my break point, with the gun closed and stock below the yellow line on my vest, but the muzzle pointing towards my break point, then bringing the gun down the flight line. I did not actually mount it at that point, again to abide by the rules of FITASC Sporting, but I got my feet and gun set as if the gun was in the shoulder.

Moving on to Target D, I used the line of the target, and shot it above the hedge before the flight line ended and dropped away. I saw the target above the trees, mounted the gun, locked on, pushed ahead, and shot it in one movement. Target B was an edge-on midi, rising and slowing. To shoot it I let

the clay go past the barrel and smoothly took the gun to it shooting it just before the peak. Target A was again another method shot. I set the un-mounted gun towards where I was going to break it, wound my gun back, took my eyes further back, the target came out, I locked on, made minimum movement and shot the target just before it started to curl away. If I'd come back any further there's every chance I would have swung the gun from behind, through the clay, and missed in front because of generating too much movement and speed to catch up to it.

And that's how you hit a series of targets on a FITASC layout, with emphasis being on the movement of the feet to the correct break point before calling pull for each of the targets. In the next article, I'm going to discuss the movement of the feet in pairs, this time you'll see there's a lot more movement needed than in English Sporting. 🍌

**THANKS** To Southdown Gun Club for their invaluable help with this series.

## HOW I STARTED SHOOTING

I first started shooting when I was around 12 years old at my local Sporting ground, Hardwick Park. I was keen to try Trap shooting, so gave DTL and ABT a go at Spennymoor Clay Pigeon Club, where ABT became my favourite discipline. I have had a keen interest in shooting and gun maintenance since a young age after spending time with my grandad. I first started shooting with a 20g semi-auto and over the years I have collected a variety of guns, including .410 and 16 ga. side-by-side. My favourite being my Beretta 692 trap gun.

## CORY'S 2019 HIGHLIGHTS

My major highlights in 2019 were:

- England ABT Junior caps 2018 and 2019
  - England ABT Junior High Gun
  - British Open ABT Colt High Gun
  - Fauxdegla Worlds ABT Junior High Gun
  - European DTL Colt High Gun and second in A Class
  - British Open DTL Colt High Gun
  - Dougall Memorial DTL Colt High Gun
  - English Open DTL Colt High Gun
  - North of England ABT Championship Overall High Gun
  - North of England All Round Colt High Gun
  - Various Colt Championships.
- On top of all of these, being one of the nominees for Young Shot of the year at the CPSA Awards was a great highlight.

## PREPARING FOR SHOOTING AFTER LOCK DOWN

I am getting my gun out every day – practicing my mount and trying to stay fit and healthy.

I do all my own maintenance and have serviced my gun ready for shooting to start again.

## CORY'S TOP TIPS

- TIP 1** If you are young and still growing, get a gun you can adjust. Once you are happy with it and your chosen cartridges – don't change anything!
- TIP 2** Pattern your gun regularly – this gives you an idea if anything has changed and confidence on where it is shooting.
- TIP 3** Always show respect to other shooters and they will respect you.
- TIP 4** Don't be afraid to try different disciplines until you find the one you like.
- TIP 5** Promote your Sponsors when possible.

## SAYING THANKS TO SPONSORS AND SUPPORTERS

I would like to thank all the people who have supported my shooting: Swatcom, Eley Hawk, Laporte, Qintec Electrical Engineering Consultants, Spennymoor Clay Pigeon Club, Teesdale Gun Club, Phil and Emily of Hardwick Park, and all the other shooters who have helped along the way.

# COMBATING CROSS- DOMINANCE

CPSA Senior Coach **Mike Williams** talks us through how cross dominance can affect your shooting, and how a simple device could be the answer.

**T**o paraphrase the Speaker of the House of Commons – ‘the eyes have it’ – and there is nothing more important in our sport than our visual accuracy, and the ability to see the target clearly. Anything that helps in this respect has got to be an asset. This includes things like having your eyes checked regularly, prescription glasses if you require them, tinted glasses to enhance the contrast between the background and the target, and the position of your face on the stock to enable the target to be seen clearly over the barrels.

Allied with clarity is having the correct eye dominance, so that the gun shoots where you point it. There are numerous reasons as to why someone has the wrong eye dominance. I am not an ophthalmologist, however as a coach I have previously dealt with the symptoms of this cross dominance to get a shooter to hit the target. If you have a problem in this area and you are not particularly aware of it – you are going to struggle to hit anything.

## PROVISIONAL CHECKS

If you are unsure as to which of your eyes is dominant, you can carry out a provisional check yourself for later confirmation with a coach. Should you be a right-handed shooter, then pick an

object in the distance to focus on, point at the object with your left index finger, and on pointing at it close your left (off-eye).

If the finger stays on the object then you are right eye dominant, and any movement away from the object means that your off-eye is having some influence on where you are pointing. If you are left-handed then the reverse is true – point at the object (with your right index finger), close your right eye, and providing the finger stays on the object you are left-eye dominant.

A shooter that has ‘correct’ eye dominance has a distinct advantage in that they can keep both eyes open when shooting, and benefit from a normal three-dimensional sight picture, with that ever-important perception in depth.

Well intentioned friends, if they are aware of your problem, will tell you to shut the offending eye, which will get the gun pointing to where you think it is. However, you have not only lost the central vision of the off-eye but also the peripheral vision. So with that eye closed, you are not aware of the target until it arrives in the peripheral vision of your ‘shooting’ eye (the eye that is over the rib). That could well be a lot later in the target’s flight, and brings in a whole host of problems, such as having to chase the target, or forcing you to use a shooting

“ I have been searching for a solution to this problem as a coach for several years ”

method you didn't intend on using.

You could well be advised to shoot from the other shoulder, but this will only be a perfect solution if you are 100% off or cross-eye dominant, which most shooters are not. There is a great number of people coming into the sport (and some old hands) who exhibit central dominance. The trouble with this is, whichever shoulder you place the gun, you will have to do something with the opposing eye – by either closing it or using a tape or foil to stop the brain from receiving information from that eye.

### CENTRAL VISION

The 'central vision' phenomenon has become very prevalent in the last 15-20

years. Looking at events that may have caused this brought me to the conclusion, that with the introduction of computers and an increasing amount of screen time, the eyes are now more used to focusing at very short distances.

I have been searching for a solution to this problem as a coach for several years. Before going out on a lesson with a new client, I will always check their eye dominance as I need to know where (and why) they are pointing the gun. I then confirm what I have observed on the range. For anyone exhibiting an eye dominance problem, in the past I have either used translucent tape or a micro foil product on the shooting glasses, to

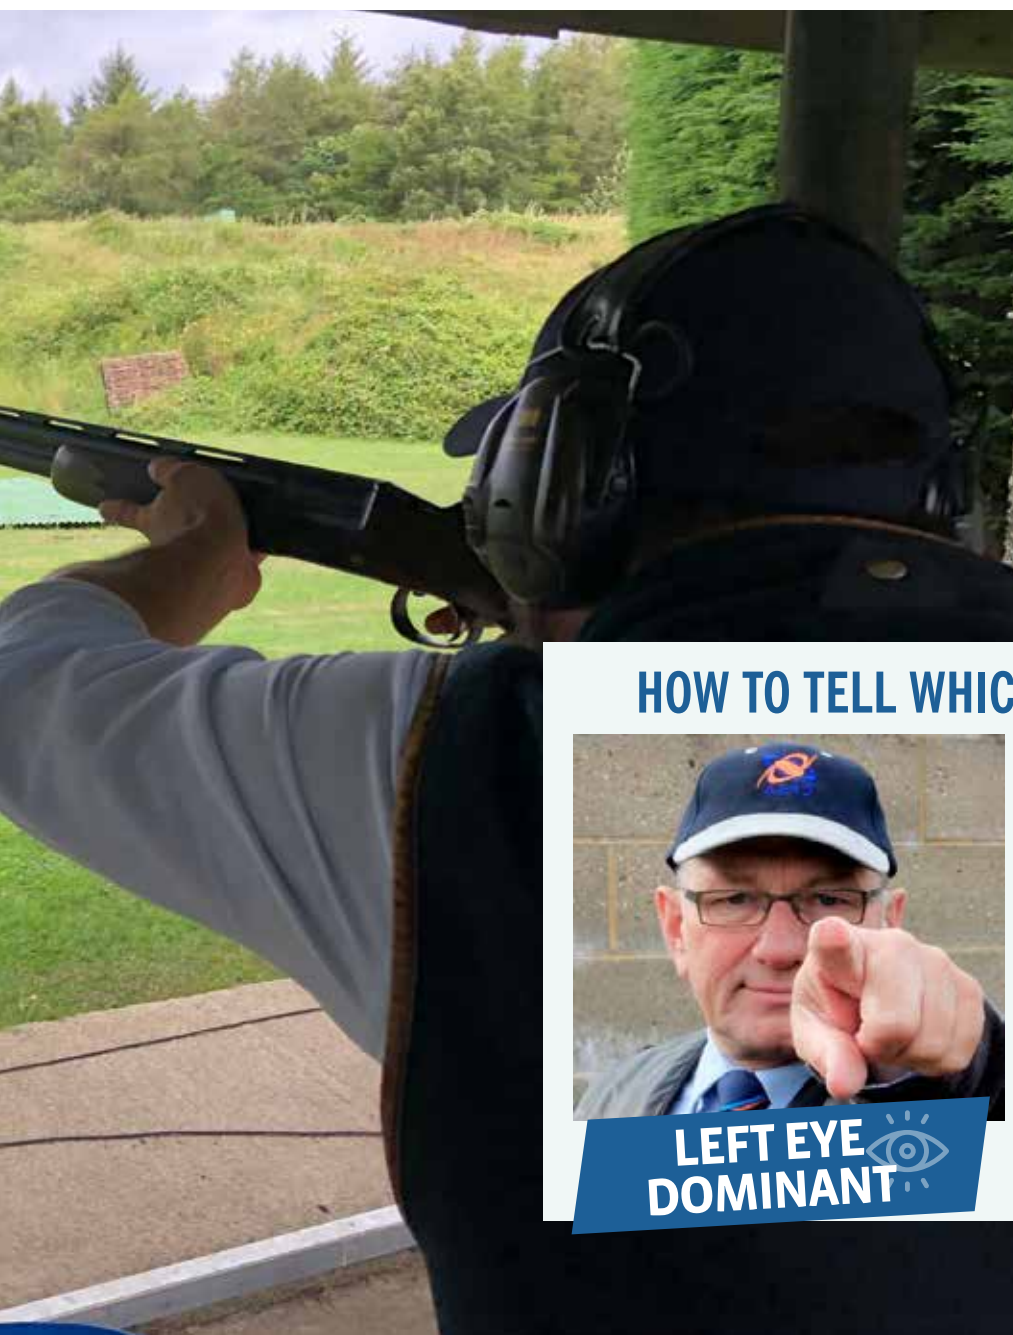

remove the central vision of the offending eye, but to leave the peripheral vision.

With either of these, most targets can be dealt with efficiently, with the exception of a driven target. To hit this target the gun has to be moved in front of it and when doing so, visual contact with the target is lost (the tape/foil has removed the central vision) and the barrels now obscure the target. This results in slowing or stopping the gun to see the clay again and ultimately results in a miss behind.

### THE SHOOT SP

I have little faith in anything that fits on the top of the rib (although it does work for some people). It is in the shooter's eye-line and a lot of the time grabs the shooter's focus which needs to be on the target, not the gun. So I was intrigued when I read about the Shoot SP paraboloid, especially as it had claimed to help a top Sporting shot, who I knew first hand had eye dominance issues. The SP wasn't in the shooter's eye-line, not on

**Above:** A piece of tape placed correctly on shooting glasses can help to correct eye-dominance issues, but is not ideal. **Below:** A Coach's view of a shooter's eye dominance test.

**RIGHT EYE

the rib, but fixed to the side of the barrel, and most importantly the shooter could keep both eyes open with it, retaining the all-important binocular vision.

Being as sceptical as ever, I made a phone call to ask how she got on with it. She explained that it was as good as she had said and that she was very impressed. I then contacted Steve Randle, the inventor of the SP, and asked if I could see it in action. He invited me to a Coach Training course in the New Forest. I jumped at the opportunity and couldn't wait to see the SP in action.

Present on the course were a half a dozen individuals, some left and others right-handed, but all had eye dominance issues of differing degrees. None of them were able to hit a slow incoming target with both eyes open. The SP was fitted to each of their guns in

turn and without exception, all 'smoked' that incomer with both eyes open. They went on to hit a variety of targets, both eyes open, with the SP fitted to their barrels.

I asked Steve how this had come about and he explained that he had been oscillating around B and A class for a while, and couldn't put his finger on it as to why he wasn't able to shoot consistently and upgrade to AA. Whilst looking further into it, he discovered that he had an eye dominance issue and set about resolving it. At this time, Steve was a graphic designer and had partnered up with an optometrist.

Together, they came up with the solution that for a shooter with an eye dominance problem, the SP 'super-switched' the shooting eye by making it unnecessary to close the offending eye. Incidentally, Steve is AAA now and is frequently winning class prizes and championships, with the SP on his gun.

I was convinced that the SP worked and signed on the dotted line to become a coach offering the SP, being confident that a

shooter with an eye dominance issue would be able to keep both of their eyes open. This has proved a revelation to my clients that came to me shooting with one eye closed. Probably the most spectacular was an A class shot, who started shooting with me about 25 years ago. They came to me because of a recent loss of form and it became clear after shooting a couple

of targets that his off-eye was coming into the equation, and with an instruction from me to close this eye, he smoked the next clay out. I then explained what I had learned about the SP and suggested we try it. He soon regained his old form and was putting in increasingly higher scores.

If you have eye

dominance problems then it is worth giving this a try, it has worked with everyone that I have tried it with so far. For more information, or for instructions on how you can 'DIY try before you buy' see the [shootsp.co.uk](http://shootsp.co.uk) website, click on the 'videos' tab and then select the video titled 'SP Dry Mount Test'.

This has proved a revelation to my clients that came to me shooting with one eye closed.

# THE VERY BEST EXPERIENCE POSSIBLE

We spoke to **Rose Thomas** from Kibworth Shooting Ground & Gun Shop.

  
**KIBWORTH**  
SHOOTING CLUB AND GUN SHOP  
PROMOTING EXCELLENCE

## **Q** When did the ground open, and what makes it special?

**A:** Damian Loach and Luke Dakin took over the ground in October 2018. Ironically this is the ground they took their initial lessons at, making the ground even more special.

The atmosphere at Kibworth is amazing and it offers something for everyone. The sporting course is changed weekly, giving the seasoned shooter varied, and often challenging targets to test them. If you're new to the sport or a little rusty, we have six warm-up stands to help with your practice. And if you're a first timer, then our great team of CPSA qualified instructors, headed up by John Cullingham, are on hand to guide you through what we hope will be an enjoyable and safe experience.

We also offer air rifle lessons which are particularly popular with the younger generation, and are a great first introduction to the sport.

What ever the ability or occasion, the experienced and friendly team at Kibworth are on hand to help.

We also offer our facilities out for private coaching with a Skeet/Compak range available for sole use at competitive rates.

## **Q** How did Damian, who runs the ground, start shooting?

**A:** Damian started shooting while on a friend's stag party – they all ended up in a shoot-off for first place against

40 other shooters. He came second, but became addicted from there. At Christmas

he bought gift vouchers for friends and family, so they could join in and have the experience too. Which most have continued to this day.

## **Q** Which disciplines/facilities do you offer?

**A:** The grounds have 18 stands for Sporting with a DTL layout, Skeet,

and two Compak/FITASC layouts. We have numerous covered Air Rifle stands and the option of the Promatic Sharp Shooter. We have air rifle target holders available

We are really proud of our ground and long may it continue

for hire from the shop. The ground is predominantly run with Promatic traps, and one compact Laporte layout.

Our Claymate system gives you the freedom to shoot on your own, making Kibworth the perfect solution for individual practice and improvement and we are now offering short-term gun storage.

There's a fantastic café for food and drink and this is open daily. We can cater for all celebrations from Stag to Hen, birthdays and corporate groups. Tell us about your occasion and we can tailor the day to suit your needs and your budget.

### **Q** How has the ground developed over the years?

**A:** The ground has been operational since the early 1960's. Starting from hand operated traps to the fully electronic, to the ground it is today, operating with 11 full-time staff, a dedicated air rifle and a shotgun shop. We have a great group of coaches available for both disciplines.

Since we took over in 2018 we have added three new sporting stands and numerous traps, such as the morehen and downhill thrower to add variation to the sport. We have made many improvements to the ground – new stands and new fencing to the entire area, generally giving it the TLC it deserves.

We now have a wider selection of clothing than ever before, with the introduction of many new brands.

### **Q** What is the clay shooting scene like near you – and has it changed over the years?

**A:** With the closure of many grounds over the years we have seen a drop in shooting

facilities around us. However we believe that the sport has begun to grow again over the past year or so, bringing many new faces to the scene.

We are really pleased to see an increase of shooters, especially from the younger generation and many more families enjoying the sport.

### **Q** What are your current aims?

**A:** We aim to continue to make improvements to the ground, giving our customers and members the very best experience possible.

After the success of last year's 100-target competitions, we had planned to repeat these this year but due to the Coronavirus they've been put on hold.

Hopefully we will continue these when restrictions are lifted. Keep an eye out for more dates.

We will be producing an up-to-date website to stay in keeping with our current and future improvement.

### **Q** Is there anything else you'd like to say to the readers of Pull! magazine?

**A:** We would like to add that once we are through COVID-19, we hope we can all enjoy the experiences that Kibworth has on offer.

We look forward to seeing all our customers and members, and welcoming new faces to enjoying this sport.

We are really proud of our ground and long may it continue. 🍀

### **ROSE'S THREE TIPS FOR SHOOTING**

- 1) Stay focused and understand the variations of lead from stand to stand.
- 2) Clear your mind, we all seem to shoot better when relaxed, and alleviate the stresses of every day life.
- 3) I think that shooting as a whole, as well as any other sport, is about focus and hand eye co-ordination.

#### Mickley Hall Shooting School

Scott Barnett has posted a video about gun cleaning on the Mickley Hall website, which shows his recommended method and what materials to use. April 2020 is Mickley Hall's tenth anniversary. A special celebration was planned, but due to the present restrictions it has been postponed. The Kevin Howarth memorial shoot, scheduled for 11 July, has also been postponed. Scott is now planning to have both events on the same day – possibly some time in the Autumn. This will include an open day, prize raffle, prize draw, and a BBQ to finish. Full details will be published nearer the time.

#### Cheshire Juniors

The last 12 months have seen many Juniors achieve great things at County,

Regional and England level. There is a wealth of talent and this is tremendous. A more detailed report will appear next month on this subject, but in the meantime if you would like to offer help to a Junior shooter please get in touch with a Cheshire Committee member.

#### Shotgun License Renewal

The police forces are currently under increased pressure with reduced staffing levels across licensing departments.

Some are suspending new grants of licenses, and certificate holders should expect much longer processing times for renewals. With this in mind, we are advising members to be aware of your local Police Force procedures – they do differ force to force – and apply in plenty of time to avoid your license expiring and having to find suitable and legal storage for your guns. If you have any questions please contact info@cpsa.co.uk.

#### The Ladies Clay Shooting League

We are aiming to resume the Ladies League as soon as we are advised we can do so. We are currently sharing hints and tips with everyone who follows us on social media, and they are also posted on our website. Our membership is free to join, and what better time to look at what we do for Ladies on their competitive journeys. ladiesclayshootingleague.com.

Hopefully by the time you read this we will have a much clearer idea on when we are going to be coming out of Lockdown and can continue to shoot.

When we know more we will try and salvage what we can of the shooting calendar and arrange some County Championships and selections – hopefully at the same grounds.

This might unfortunately also mean that the selection criteria goes out the window, and teams for Inter-Counties will be selected by the team managers based on County Championship score (if held) or averages and/or Known ability.

We will keep you up to date with progress of this as and when it happens.

As you will all now know, we have not held any competitions since the start of the Covid-19 outbreak. We would like to send you all our best wishes and hopes that you are all keeping fit and well, and that this will all be over soon.

In these uncertain times for many shooters and grounds, the Cambridgeshire CPSA committee would like to reinforce our message of total support to our shooters and all the grounds that work so hard for our sport. We cannot wait to return to normality – shooting clays, catching up with friends, supporting our grounds and our brilliant sport. Were all in this together!

Here at L&R we hope that you are all keeping well and are taking advantage of the enforced downtime that we all have.

I'm sorry to say but there isn't really anything to report this month. I was thinking that I would send you the next lot of fixtures and dates but I thought that it would be a tad cruel to make you think that things would soon get back to some form of normality. At the moment the light at the end of the tunnel just seems to be a train coming.

Stay safe, keep doing what we have been told to do in order to keep safe, and fingers crossed the light at the end of this tunnel will soon be switched back on again.

All the best, Alan B. (for once, short of words). Keep an eye on the website and our Facebook pages.

As I write this, the lockdown has been extended for another three weeks.

I have been out of circulation for so long I may have forgotten how to shoot when I finally return to NSG, I am hoping that will have a beneficial effect on my score!

In the absence of anything else to write about – I thought that a little quiz may keep us on the ball. Whilst researching for this I certainly found out a few things that I didn't know before, so maybe there will be something of interest for somebody else too. All correct answers deserve a pat on the back! Answers can be found at the end.

1. Who is the current East Midlands Regional Director?
2. What are the first and last disciplines in All Round?
3. What is the governing body for the Olympic disciplines?
4. Where did the word Skeet originate?
5. What is 'Five Trap' also known as?
6. How are Compak Sporting and Sportrap different?
7. How many points for a second barrel break in DTL?
8. How many stands are there in English Skeet?
9. Which of these is not a safety recommendation when clay shooting? a: foam earplugs b: leather gloves c: protective shooting glasses d: a hat.
10. Why is a shotgun called 12 bore?
11. What are modern clay targets made from?
12. What are clays called that are seen side on?
13. What symbol is on the upper left quadrant of the England team badge?
14. When does Colt classification end?
15. In a Regional Inter-County team, what is the maximum number of Senior

- shooters, and how many scores count?
16. In competitions, after the referee has stated shooting can commence, how long does a shooter have to call for the bird?
17. In a competition, what is the minimum number of people on a Jury?
18. What are the names of the two trap houses in Skeet?
19. Name the committee member in picture one.
20. Name the committee member in picture two.
21. Name the committee member in picture three.

## Answers

1 John Martin. 2 DTL and English Sporting. 3 ISSF. 4 Scandinavia. 5 Universal Trap. 6 Compak uses six traps, whilst Sportrap uses five, and has a different order of shooting. 7 two points for a second barrel. 8 Seven stands. 9 B: leather gloves. 10 In the past gauge was determined by the weight of one musket ball that could fit down the barrel - a 12

Hello fellow shooters and families! I hope you're all keeping well during these difficult times.

If you're looking for some informative education throughout your time at home, the committee has rallied round to get some videos displayed on our Facebook page. We are trying to use this platform during these quiet times to educate and inform our followers, so if you haven't already done so, please make sure you're following the county on Facebook. The page is called @NottsCPSA.

We will always endeavour to keep all of our members and followers up-to-date with as much information as we can and when local grounds and competitions do start to re-open and start scheduling competitions – this is where the first news will be.

Unfortunately we do have to bring you some sad news. Roger Groves, who many of you will know for his support to the county, community and terrific work helping many individuals with their shooting journey, sadly passed away on 21 April 2020.

Derek Harwood, a regular referee and very valued member of staff at Orston, also sadly passed away at the beginning of April. Our thoughts are with families and friends of Roger and Derek.

On a slightly more positive note, we are looking forward to getting back out and about with our guns in the not so distant future, when restrictions have been lifted. It's great to see the CPSA HQ have been making suggestions here along with other governing bodies. I think we are all aware that this may come with restrictions in place but it will certainly be a huge step in the right direction, whilst everyone's health and wellbeing remains at the forefront of our minds.

Stay safe and hopefully we will be able to report on some brighter news next month!

On behalf of the Suffolk CPSA I would like to extend our well wishes, and we hope you are all keeping well during such uncertain times. While there is sadly no shooting currently (as I write this anyway!) we hope you will all be ready to join us when it is safe and appropriate to do so.

As many will already know we have had to make the decision to cancel all of our county fixtures this season, and we will discuss our options on what will be best to do we are able to. To keep up to date on everything happening in the county please visit our website [www.suffolkcpsa.co.uk](http://www.suffolkcpsa.co.uk) and you can also find us on Facebook by searching 'Suffolk CPSA' both of these will be kept up to date to keep you all informed on what is happening in the coming months. We would also like to extend our heartfelt thanks to all of our fabulous keyworkers, as we have many within our shooting community.

It is with great sadness that we announce the passing of Kenny Manning of Suffolk. Kenny was a well-known fixture within the shooting community, and he will be greatly missed by many shooters as he was so well known at so many shooting grounds. He always had a story to tell, and a passion for helping newcomers into the sport. Suffolk CPSA would like to extend our heartfelt condolences to his loved ones at this sad time.

We hope you all stay safe and keep an eye out online for any progress in the upcoming months.

## CORNWALL

**ALISON MORDEN-HAWKE**

alisonm-h@outlook.com

As I write the lockdown has just been extended for a further three weeks and we are no closer to knowing when we will all be able to get out there to shoot again. Social distancing rules mean that our committee cannot physically meet, but refusing to be defeated we conducted a meeting by email to ensure that CPSA business could still progress.

With no shooting on which to report, I wanted to consider how we can promote our sport and encourage more to join us. The county has taken some time over the last few years to encourage more Juniors to shoot, since we struggle to provide a county Junior team for many disciplines. If only we could clone Denzil Grose! However we also have very few Ladies who shoot. How do we encourage more Ladies to take up the sport?

I have taken some time to speak, via the internet, to fellow female shooters to find out about their experiences of the sport and how they started out.

Most had experience of family members shooting, but were unaware of the extent of the sport opportunities available. For example, you can quite easily (in normal circumstances) shoot clays every weekend somewhere in the county, and probably at multiple venues. However unless you know someone who is involved in the sport to point you in the right direction this is not easily discovered. Many were surprised on a first try that they hit the clays, and found they wanted to do more.

What made us try? Well, some wanted to join in with family members who already shot. I on the other hand, was taken to a lesson thinking that I was a spectator and then found out I was taking part! The response was the same – a sense of pleasure and achievement in smashing a few clays and a will to keep doing it.

Traditionally Ladies are given 20-bores to shoot, but my fellow Ladies all shoot 12-bores and quickly ditched the smaller guns if they had started with them. Gun fit can be an issue – even with more manufacturers having guns with adapted stocks aimed at the female market. As

you all know if the gun doesn't fit then you will struggle to consistently hit targets.

There have been experiences of discrimination – comments made that 'ladies should not shoot' – but whilst these were only experienced by half of those I spoke to they were thankfully not frequent experiences. On the whole, the shooting community has welcomed and encouraged us as we attend events throughout the county.

What has come through strongly from my research is that there is a great love of the sport and these weeks of enforced closure have been a low for us all.

So how can we get more ladies to just have a go? Because from what I have found we will then get many more catching the shooting bug!

## HAMPSHIRE

**ANDY GORDGE**

gordge205@btinternet.com

I'm sure like myself, you can't believe the upside-down world we are living in at the moment. It's a first for me that after all the years of writing shoot reports for this section of the *Pull!* magazine there's not one shoot to write about!

Obviously we hope that everybody has managed to keep safe, with a sport such as ours having a high proportion of middle aged and elderly members it is essential to stick to the rules. I can't see by the time this article reaches you we will be back shooting. Many clubs have been looking into the future, as to how the members and visitors eventually returning to shooting grounds will be safely managed.

The Hampshire CPSA committee will be looking into ways of re-organizing the Championships shoots if indeed. I

don't think there will be any Inter-County shoots happening this year.

**Time to repair and make improvements**  
Richard's been busy at Owl's Lodge whilst they have been closed, making several improvements to the ground as seen in the pictures.

Like Owl's Lodge, Fareham CTC is also getting a much needed improvement, a new entrance road. For some time now the legal work on the purchase of a section of woodland next door to the club has been quietly happening. The strip of land, now owned by the club, will allow for a full-sized road to be constructed, forming a new sweeping entrance off Titchfield Lane. The six meter wide road will run through a tree lined avenue entering the kitchen area car park.

Hopefully it will be complete by the time we are able to re open the ground, but obviously with lockdown it will be a much slower process than planned. Members and visitors will use the original entrance on arrival, but the new road will act as an exit route until they get used to its position. The single shared right of way track will continue to be used for the clay, waste bins and fuel delivery lorries, and of course the day-to-day staff that run the club.

### No lessons for beginners

The 'have-a-go' stands, or any form of shooting lessons are predicted not to return for some time, due to having to avoid close contact. Shooting with gloves and masks on could possibly be the norm for quite a while. Telephone entries only may be in place to control the amount of members turning up as I can't see any club opening the doors to start with – the possibility of being overrun with eager members and visitors wanting to get some shooting in.

I would like to suggest you all keep

The start of Fareham CTC's new road in.

Day 36 of the lock down and there is no sign of it lifting anytime soon – I hope you're all keeping safe. I suspect we won't be shooting until the latter half of the year now, however if that's all we've got to complain about we'll be doing ok.

Naturally, I expect you're all cleaning your guns so that they look as good as new and you're practicing your gun mounts, so we'll all be shooting 100-straight!

### County Championships

Most of the dates have been agreed, but as to how many will actually happen we have no idea as of yet. Please treat the dates below as advisory.

### Sporting Challenge

We hope to run this again this year, subject to how well we deal with the Coronavirus. Sponsorship is also likely to be reduced as businesses recover from the inevitable hit.

### Inter-County Championships

With your support we intend to enter as many Inter-County competitions as we can find teams

### Social Media

Wiltshire CPSA is also on Facebook. Please feel free to join the Wiltshire CPSA group.

As another month passes us by, it's sad not be able to provide you with any results or up-and-coming competitions.

During the lockdown period, we have very sadly lost our wonderful Skeet shooter Walt Kingsnorth. Walt shot for Bucks many times and was regularly well-deserved of all of our Bucks Skeet

Trophies! We want to send our best wishes and deepest condolences to Marilyn and the family at this tough time.

We would like to congratulate Billy Baughan for claiming another well deserved High Gun, this time At Eriswell Lodge back in March for the FITASC Selection shoot with a score of 146/150.

Seeing as we don't have a huge amount of news right now, please do continue to follow our Buckinghamshire Facebook page for further updates on shooting dates, results and local news.

Take care and stay safe – we will look forward to seeing you all out and about soon!

It is with a very heavy heart and with much sadness that I find myself writing this month's report, Oxfordshire has lost a truly beautiful and talented Lady shooter during these already difficult times.

Helen McKenna (Lady Mac) lost her fight against cancer late April. Many of you will have been touched by her

forever smiling face whilst attending one of many Oxfordshire's events or registered shoots. Her lighthearted, fun approach to shooting made it look easy. She epitomised what clay shooting is about. She was such an amazing talented shooter.

We were all fortunate to have met such a kind and lovely lady. Our thoughts and prayers are with her loving Husband Dom and her family and friends at this difficult time. Rest in peace Helen.

Please contact me with any news you wish me to report on. As soon as we can resume to some normality I will let you have the new re-arranged County Championship dates. Stay safe and well.

Writing this update in the middle of the lockdown is certainly strange, but hopefully by the time this publication reaches you we will be back shooting and the events for Surrey – the Inter-Counties, Nationals and Internationals will be back under way.

Due to the suspension of all shooting, unfortunately there are not many updates, however some of the grounds in Surrey, such as Woodland Pursuits run by Alex Cobb, a valued sponsor of the Surrey CPSA, and the National Clay Shooting Centre where we hold many of the Surrey Championships, have made use of the time and have made improvements to the grounds. We very much look forward visiting these grounds again soon.

We would also like to say thank you to our sponsors, who's donations enable us to cover the cost of many of the Inter-County team badges, medals and trophy engraving:

Gary Evans, Sarah White of Game Bird Shooting, Guy Peacock of Alchemy Filtration, Glen Boxall, Mainstone Hill Shooting Ground, and Steve Cole of SJ Cole & Co. Builders.

In terms of our scheduled events, whilst we will have missed a number during

April and May, and will need to re-evaluate the schedule and arrangements for the Surrey Supreme. We do have the following scheduled for late June and July, which we hope can still go ahead:

English Skeet County Championship – 28 June at NCSC, Olympic Trap County Championship – 5 July at NCSC, Down the Line County Championship – 19 July at Bisley Gun Club.

We will also look to hold the family day during the summer which may need to be re-scheduled due to recent events. We will keep everyone informed of all the latest news and any changes to fixtures, so please keep a look out on Facebook and surreycpsa.org.uk.

Finally, as a reminder of the fun and achievements from 2019, a few pictures.

Of course our April and May shoots have now been cancelled and we will be in touch before our proposed event at Kibworth in June, to advise if it will go ahead. With so much of the season being cancelled, the committee will review fixtures once grounds start to reopen.

Just an update – Paul Rendell has

agreed a tie up with Evolution Sports Eyeware for a stand at the Countryside Rocks event at Weston Park on 19-20 September. If anyone would like to help out on the stand please contact Paul or Sam.

Hopefully there will be a shoot to report on soon!

**Insurance**

**Newmoon  
Insurance**

**Can you afford to  
pay for a damaged stock  
or barrel blowout?**

It's a question we hope you never have to ask yourself but it is one that you should consider now, rather than after the event.

Many shooters rely on home insurance but the hard fact is that many home insurance products exclude guns from contents cover, whilst others may have restrictions in policy cover.

Premiums start from £35 a year (including IPT) for £1000 cover on guns and you can even extend cover to outside the UK. For CPSA and BASC members only.

We recommend that you take the time to consider what cover you have on your guns. To discuss your requirements or to request a free quote, please call Newmoon Insurance Services Ltd on:

# OBITUARIES

## KEVIN GILL

The International Trap shooting world has been shocked and saddened by the sudden passing of British shooter Kevin Gill.

Kevin was a huge figure within the sport. He was an exceptional shot in all of the trap disciplines, especially Olympic Trap, Universal Trench, and Automatic Ball Trap, and for many years he was a much loved and respected member of GB teams and England teams.

Kevin represented Great Britain at the 1992 and 1996 Olympic Games. He also represented England in the

Commonwealth Games. At the 1990 games in Auckland, New Zealand he won the individual Trap silver, as well as gold in the Trap pairs with Ian Peel. He won the World

UT Championship in 1986 in Vilamoura and again in 2007 in Tangier, and won the British OT Grand Prix – famously known for years as ‘The Rolex’ – in 1990, 1991, and 1996.

Kevin also shot ABT for England in 1981, 1984, and 1985, and OTR for England in 1980, 1986, 1989, 1993, and 1997.

He was English Open ABT Champion in the years 2000, 2002, 2004-2006, 2009, and

2011. For many years he worked as the official shotgun coach for British Shooting, and during that time he transformed the successes of the GB teams.

Kevin will be sadly missed. His loss leaves a huge void within the International Trap shooting community and he will be remembered fondly by all those who knew him.

Kevin was a huge figure within the sport.

## MARTIN IDDON

Martin Iddon sadly passed away peacefully at home, on 31 March 2020, after a long battle with cancer. He was aged 77.

Many remember Martin as an amazing shot, and

he shot several disciplines. One of the first competitions that he won was with his son Marcus in the ‘The Father & Son Championship’ at The English Open in 1979. He was also well known and well liked on the Helice circuit,

winning several Veterans Championships. Throughout his life he supported and often accompanied his son Marcus and his grandson Gareth to competitions. He was very proud of their GB team

One of the first competitions that he won was with his son Marcus in the ‘The Father & Son Championship’

successes. He will be sadly missed by his wife Ann, his family, and all his fellow shooting friends who have many fond memories of their times shooting with him over the years.
