Commonwealth Games 2018 selections

Shooters with 2 MCS scores gained in 2016 / 2017 will be considered first, using their best 4 from 6 selection shoot points scores in 2017.

If places are still available, shooters with 1 MCS score from 2016 / 2017 will then be considered, using 2017 selection shoots as above.

There is no guarantee that 2 male and 2 female shooters will be selected if performance / medal potential is not credible.
