

THE ONLY WAY

THE TEN COMMANDMENTS FOR CLAY PIGEON SHOOTERS

1. Respect:

Treat all guns as though they are loaded - an accident could be fatal

2. Safe and sound:

All guns must be in proof and in good order. Do not use a faulty or doubtful gun.

3. Empty and open:

Carry guns open and empty, semi-autos bolt back and flagged. Never rely on a safety catch (trigger lock).

4. Correct cartridges:

Only carry the correct cartridges for the gauge and chamber of the gun you are using. Never mix the gauges.

5. Barrels clear:

Check the barrels are free from obstruction before loading, check for light.

6. Point down the range:

Keep barrels pointing down the range at all times when loaded. Open and empty immediately after firing.

7. Only shoot clays:

Only point or shoot at targets thrown for you on your command.

8. Misfires:

Keep gun closed for twenty seconds, barrels down the range. Check barrels are clear after a soft or unusual discharge.

9. Remember:

Alcohol, drugs and horseplay do not mix with guns.

10. Responsibility:

YOU, AND ONLY YOU, ARE RESPONSIBLE FOR THE SAFE HANDLING OF YOUR GUN AND THE BEHAVIOUR AND SAFETY OF YOUR GUESTS, FAMILY AND ANIMALS IF THEY ACCOMPANY YOU TO A SHOOT
